

Bathroom

Sail

Essential refinement concentrated in a winning combination of storage and aesthetic elegance. The contemporary design bathroom furniture Sail stands out for its unconventional use of geometry, thanks to the projecting doors that draw new functional volumes.

INNOVATIVE TECHNICAL SOLUTIONS

Two washbasin bases side by side or a washbasin and a neutral base unit, served by a single elegant front, easy and light to open, up to 2.40 m wide. It is a dream come true, thanks to the design and technology of the Birex R&D team, which used the most modern technology for the larger modules. In these, the front has an internal aluminium honeycomb core to guarantee lightness, stability and excellent resistance to water, fire and flexing movements.

BATHROOM FURNITURE WITH SIDE SHELVES

Maximum functionality is achieved by exploiting the projection of the contemporary designed bathroom furniture doors to create a side-opening system, to hide open shelves or towel holders and to give an overall effect of order, linearity and visual perfection.

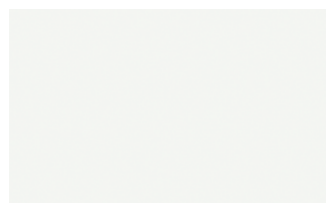

FINISHES

Discover the wide choice of finishes available for the Sail components, a contemporary bathroom furniture perfect with a monochrome look or interpreted with contrasting materials and colours.
