

Bathroom

Traccia

For bathroom furniture with open units, a solution that comes from an important graphic frame: a geometric decoration that enhances the material effect of the surfaces, surrounds the open units and emphasises the volume of the containers. A bathroom furniture with an exclusive design and strong character.

EXTERNAL FRAME FOR OPEN UNITS AND DRAWERS

The workmanship of Traccia's external frame unites panels at 45° to make them embrace other elements. In an interplay of solids and voids, it makes them enclose open units and drawers of the entire bathroom collection or the doors of wall units and tall units.

CANNETÉ BATHROOM FURNITURE

Traccia front panels can be produced in the elegant three-dimensional stripes of canneté workmanship. Created with a continuum of vertical bas-relief cuts, it is known for its craftsmanship and the chiaroscuro effects drawn into the environment.
