

# MATERICA COLLECTION

Le pareti sono volutamente segnate dal tempo con carte da parati dal sapore vissuto, che si mostrano in tutta la loro imperfezione. Se il troppo nuovo ti annoia e cerchi il giusto equilibrio tra passato e presente, questa selezione è giusta per te.

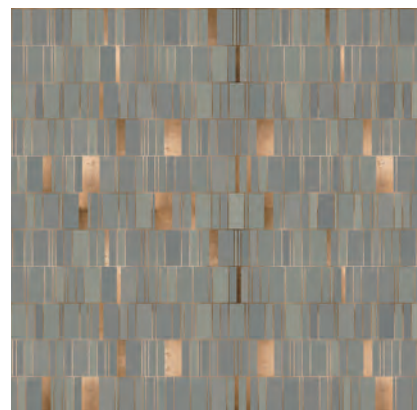

These walls have a deliberately aged appearance achieved by using wallpaper that imitates the signs of time, showing off its perfect imperfections. If you find brand new things boring and are looking to strike the right balance between the past and the present, this is the collection for you.

Effetti decor, pietra e marmorizzati: una selezione di carte da parati che viene voglia di toccare con mano, per coglierne l'essenza e la matericità. L'ideale per dare spessore e rilievo alle pareti e agli ambienti.

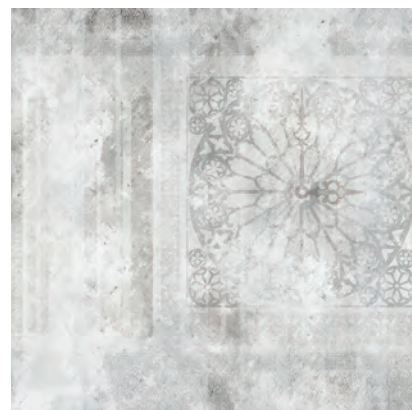

Décor finish, stone wall and marble effects: a selection of wallpapers that invite you to run your hand over them, to enjoy their quality and material feel. Perfect for adding depth and prominence to walls and entire rooms.
