PIEDINI FEET

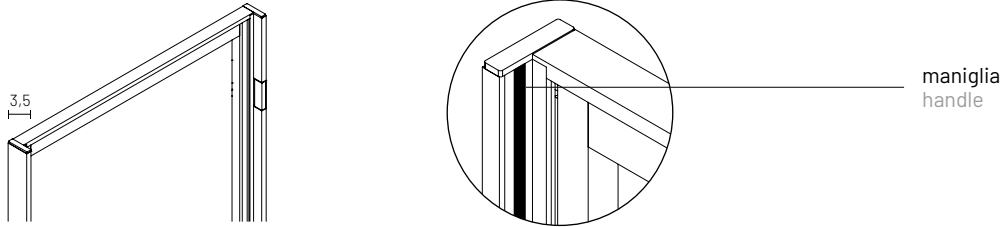

I moduli a terra dispongono di piedini H. 1,6 cm da aggiungere all'altezza dei moduli, i quali, mediante un foro all'interno della scocca, permettono una regolazione in altezza di 1 cm.
The free-standing units are provided with 1.6 cm high feet to be added to the height of the units. Such feet allow a height adjustment of 1 cm through a hole inside the structure.

SLIM

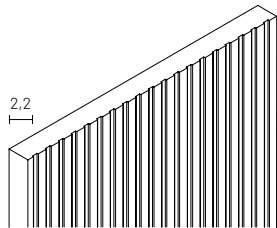

tipologia ante | door type
