RIFICOLONA

by e-ggs

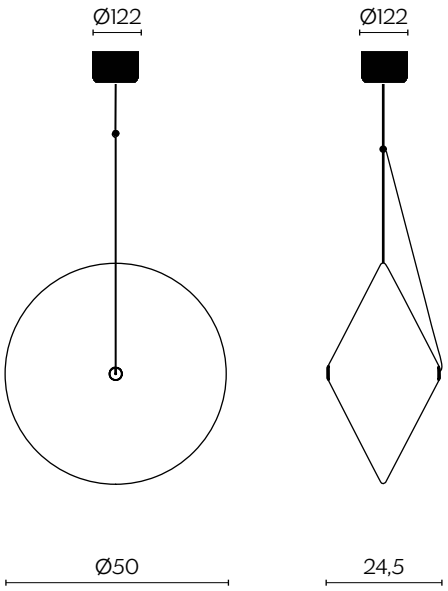

Rificolona nasce appesa a un filo e da qui la sua indole giocosa e suggestiva, a partire dai materiali: il paralume, realizzato principalmente in polietilene riciclato, ruota dialogando con la luce. La superficie gioca con la trasparenza come se fosse spruzzata da un abile graffiti artist, rievocando la superficie lunare. Rificolona sorvola con delicatezza gli elementi del tuo living, inclinandosi a seconda delle necessità o della luce desiderata in quel preciso momento della giornata.

Rificolona lamp arrives hanging by a thread, to share an evocative and creative spirit embodied by its materials: the shade, mainly crafted from recycled polyethylene, rotates in dialogue with the light. Its surface plays with transparency as if it was sprayed by a skilled graffiti artist, hearken back to the Moon surface. Rificolona delicately hovers over the elements in your living space, tilting according to necessity or the light desired at any given time of day.
