Trestle

BY JOHN PAWSON

Trestle

BY JOHN PAWSON

Technical Info EN

2014

With his usual elegance, Pawson surprises us once again with this bench and table of exquisite proportions.

The table top is available in different sizes, also in different finishes of the Viccarbe collection as well as lacquered.

Ideal both for residential, restaurants and smart public spaces.

Now there is the new counter and bar versions available to work at a medium height.

John Pawson

John Pawson was born in 1949 in Halifax, Yorkshire. After a period in the family textile business he lived for a number of years in Japan, moving to Tokyo towards the end of his stay, where he visited the studio of Japanese architect and designer Shiro Kuramata. Following his return to England, he enrolled at the Architecture Association in London, leaving to establish his own practice in 1981.

From the outset Pawson's work has focused on ways of approaching fundamental problems of space, proportion, light and materials – themes he also explored in his book Minimum, which examines the notion of simplicity in art, architecture and design across a variety of historical and cultural contexts.

Early commissions included homes for the writer Bruce Chatwin, opera director Pierre Audi and collector Doris Lockhart Saatchi, together with art galleries in London, Dublin and New York.

While private houses have remained a consistent strand of the work, subsequent projects have spanned a wide range of scales and typologies, ranging from a bridge across a lake and a flagship store for Calvin Klein, to ballet sets, yacht interiors and a new Cistercian monastery in Bohemia.

Pawson is currently working on the remodelling of the former Commonwealth Institute in London, which is scheduled to open as a new permanent home for the Design Museum in 2015.

Trestle table allows the possibility of managing the wiring so it keeps hidden and integrated in the table. We offer optionally the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to hide the wires from the bottom of the table top to the leg and the wiring leg allows to canalize inside up to 6 wires until reaching the floor.

TECHNICAL INFO

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height. Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.

Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

Legs – stained solid oak or solid beech legs lacquered with the finishes of our collection. Due to the fact that the wood used is natural, the finish may vary.

Table top – available in two different finishes and width (90 cm and 120 cm):

- 30 mm MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Micro-textured lacquer in white black, grey, sand or smoke also available.

- High pressure HPL laminate in white or black on a 30 mm thick MDF board with stained edges in transparent.

CERTIFICATES

UNE EN 527-1:11, UNE EN 527-2-3:03 and ANSI/BIFMA X5.5:2014 (Height 74 Width 90).
